Previous year's statement handed in YES / NO	-	-	-	-
Planned date for change of status (ministry field to congregation, preaching point to ministry field to, or vice versa)				

Strategic Report

The completion of this report must preferably be based on a strategic meeting.

1. Brief summary of the congregation's finances

2. Particular work of the Holy Spirit in the congregation

3. Particular teaching received in the congregation

4. What is currently happening in the community and vicinity?

For example: What happened or changed in the community during the past year? What demographic changes took place? How is it going economically? What is the spiritual condition? What crime is experienced? What are the needs?

5. What material is currently used by the children's ministry?

6. Which outreaches (missions/evangelisation) are planned for the new year?

7. To whom is the Lord sending the congregation?

For example: Which group of people or community in the vicinity has God laid on your heart? Think of people outside of the congregation, e.g. young people, the needy, addicts, single parents, etc. This does not only refer to the congregation as a whole, but also to individuals in the congregation.

8. Which courses have been presented in the congregation, to what effect?

9. What challenges does the congregation face?

10. What is currently creating energy in the congregation?

11. Where do you perceive God in what is happening around you, in your challenges or in that which creates excitement?

12. Is continual ministry development taking place?

Think of the church council, ministry leaders, youth leaders, pastoral assistants, evangelists, children's ministry workers, band members, etc.

Thank you.
